

A person is seen from behind, driving a red Vanguard riding lawn mower on a green lawn. The mower has a black seat, a steering wheel, and a red frame. The background is a blurred green field with a wooden fence.

VANGUARD®

NEW V-TWIN ENGINES

25.0 - 27.0 GROSS HP* • 18,6 - 20,1 GROSS KW*

POWERING NEXT™

THE NEWEST VANGUARD.®

These Vanguard V-Twin engines offer exceptional value by integrating commercial-grade features including a reliable solenoid shift starter and advanced debris management for cooler operation and extended life, with an available Oil Xtend™ option for significantly extended oil change intervals. Backed by a robust 3-year warranty, the extensive Briggs & Stratton dealer network, and the trusted quality of the Vanguard brand, these engines deliver the performance and reliability required by the serious homeowner or light commercial user.

BEST-IN-CLASS DEBRIS MANAGEMENT

- > Patented 5-Step Cyclonic Debris Management System keeps harmful debris out of the engine for durability under heavy-debris conditions.
- > Clean-out panels enable quick debris inspection and cleaning.

EXTREME RELIABILITY COMPONENTS

- > Features impact-resistant, die-cast aluminum valve covers.
- > Utilizes a strengthened cylinder block featuring a third dowel and a commercial-grade liquid RTV sump gasket.
- > Viton seals provide more robust protection to the oil pump and the PTO shaft in extreme conditions for increased durability.
- > Features commercial-grade carburetor shaft seals.

PREMIUM STARTING & POWER DELIVERY

- > Unlike standard starters, this engine uses a commercial-grade solenoid shift starter that ensures crisp starting across a wide temperature range of 32° to 120°F (0° to 48.9°C).

OPTIONAL EFI/ETC

- > Electronic Fuel Injection (EFI) system provides improved starting, smooth performance, quick load acceptance and reduced fuel consumption.
- > Electronic Throttle Control (ETC) technology allows for consistent power and quality of cut no matter the terrain or load.

OPTIONAL PATENTED OIL XTEND™ SYSTEM

250-hour oil & filter change

- > Extended maintenance interval includes oil, oil filter, fuel filter, air filter and spark plug.

Automotive-style oil filter

- > 14% increase in oil capacity.
- > 6x larger oil filter housing and EZ Oil Drain Hose make oil changes quick, clean and easy.

HIGH TORQUE CAM²

- > More usable power for the toughest conditions.
